Dear Jim —

The Social Justice Conference  
proved most interesting even to  
a most ignorant person like myself.

Rose Schneiderman went up with  
us & took a large part in the  
discussions. I wish you could

have heard it all or that I had  
the ability to report.

I can tell you about the Party  
of Adulthood & the life there - &  
maybe I will some day -
